- No bicycles allowed

ACCESSING THE PEACH PRESERVE

•
SJPT's Peach Preserve is located on Guemes Island, west of the ferry terminal. From the ferry landing, head north on Guemes Island Road and take a left on S. Shore Drive. The road makes a left hand bend. At the next right-hand bend there is a small pull-out area on the left (south) side of road. The entrance to the preserve is here, and marked by a sign a few feet into the forest interior.
