IS A CHANGE OF SCENERY
IN YOUR FUTURE?

DEAR CONSERVATION EASEMENT PARTNER,

If you are planning a change of ownership of your property, we know that there are countless details to work through. We also know this time of transition is not always easy.

As your partner in land conservation, the San Juan Preservation Trust would like to help. If you keep us informed of a pending sale or other change of ownership, we can help ensure that whoever will care for your land after you leave it understands the terms of the conservation easement placed on the property. In doing so, we hope to provide you with some reassurance that your land will continue to be stewarded in the way you (or perhaps, the landowner before you) envisioned—and that that vision will continue in perpetuity.

If you think your property might be changing hands, *please contact any San Juan Preservation Trust Stewardship staff member* (Dean, Kathleen, or Rob Roy) at 360-317-1180. We are here to help!
